Sergei Shchipanov

I am a Software Engineer with 6+ years experience in development and design on a wide technological stack. My main proficiency is building highload Java backends. I design and build critical parts for core business applications such as integration buses, CI/CD and infrastructure applications.
Looking for the Senior Software Engineer position.

Languages: English, Hebrew, Russian (native).

Skills: Java, Java 8, TypeScript, C++, C#;
Maven, Gradle, Gulp;
Spring, Spring Boot, NodeJs, Apache Camel, Apache Kafka;
JUnit, JUnit 5, Mockito, Cucumber;
PL SQL, MS SQL, PostgreSQL; MongoDB, Couchbase;
Git, TFS;
Jenkins, TeamCity; Docker, Kubernetes;
Agile, Kanban, Scrum;

Work experience

Sogo Services (Israel, Tel-Aviv)
